## COURSE REQUIREMENTS

### EN LINEA ACTIVITIES

In each chapter, you will need to complete all the exercises assigned. There are 3 types of exercises:

- *Practice*: Does not track activity. Student responses and scores are not recorded.
- *Credit/No credit*: Tracks student activity and gives students full credit (in the form of a check mark) for submitting responses, regardless of score. Students who do not submit responses receive no credit.
- *Graded*: Tracks and records student activity and responses. You can view students' scores and responses in the Classes tab, Results sub-tab.

**IMPORTANT:** To identify for each lesson which activities are marked as “assigned” (Graded or Credit/No Credit), go to the **assignments** link in the right upper corner of each activity in En Linea. You will also be able to check due dates and remaining attempts for each activity.

Your grade for each lesson will be determined by adding the points obtained in all the assigned **EN LINEA** exercises. Most of the activities in each lesson are worth from 5-20 points. The graded e-partner activities are worth 30 points. Each lesson final quiz or "prueba" is worth 100 points.

For a detailed list of the points received for each activity and your current grade in the class, visit the EN LINEA tab "My results". You will get feedback from the instructor for all the graded activities within a week after the due date. Make sure to check the feedback. The final grade of each lesson will be posted in **MyCourses**.

**If any assignment is missed, a grade of “0” will be assigned.**

**SPEAKING ACTIVITIES** (e-partners optional) - microphone + headphones needed

The speaking activities are a very important section of the program. It assists you to develop your oral skills. You may choose any of the following to complete and record the speaking activities during the semester:

- **Work with the same e-partner the entire semester (recommended). You will be able to practice pronunciation, grammar, and vocabulary with your e-partner. You will be able to keep the same days and times to meet.**
- **Work with different e-partner during the semester. (recommended if need to change the partner for scheduling or other reasons)**
- **Work with a Spanish speaking friend/family member (recommended). **Keep in mind that YOU must be one of the e-partners. The recordings should reflect the material YOU have learned in the lessons.****

- Work with an e-partner and/or alone. (recommended if at times the e-partner is not available)
- Work alone the entire semester (only recommended if your schedule does not let you meet with another student on-line). **If you decide to complete all the oral activities by yourself, you will need to record both sides of the dialogue or the questions and answers of the activity.**

You and your e-partner will have many opportunities to practice pronunciation skills and to record your voice(s). There will be practice, credit/no credit and graded activities. The practice oral activities are optional. The credit/no credit activities are required, but you will get full credit for submitting them. You will have eight graded speaking activities, which will be graded by the instructor.

In order to facilitate the process of finding a partner (if you choose to work with an e-partner), you could post in the discussion board in MyCourses the times and dates when you will be available to “meet” on-line. Then you could e-mail your classmates to make arrangements "to meet online" in order to record the exercises.

Remember that YOU will decide if you work on-line with an e-partner. Therefore, the oral activities must be submitted by the due date even if your e-partner is not available at times.

**This is a language class and communication is "muy importante".**

## GRADING AND ATTENDANCE POLICY

**Percentage-Based Grading:** Points earned on all *En Linea* assignments, chapter tests, projects, discussion forum participation, mid-term exam, and final exam are converted to percentages and automatically computed by the grading program. Although **ALL** assignments have a 100% value, they are categorized and weighted, and their grades are computed in the manner described below:

En Linea activities	65%
PowerPoint project	10%
Discussion Forum	5%
Mid-Term proctored exam	10%
Final proctored exam	10%

The following grading scale will be used for the course grade:

**A=90%-100%    B=80%-89%    C=70%-79%    D=60%-69%    F=59%and below**

## **ATTENDANCE**

Attendance will be taken weekly and it is based on your completion of the *En Linea* lessons. You must complete 70% of weekly En Linea lessons in order to be considered present for the week. You may withdraw yourself with a "W" on or before **March 25<sup>th</sup>, 2015**. During the week following March 25<sup>th</sup>, if you are identified as not actively participating as defined in your course syllabus, you will be withdrawn with a "WF."

**Should you be absent for more than 2 weeks during the semester without any documentation, you will be dropped from the course**

## **INCOMPLETE GRADE**

The grade of "I" (incomplete) indicates competency not attained: continuation necessary. The student must return the following session to finish; failure to do so will result in an "F" as the final mark. The student and instructor must sign a form outlining the assignments to be completed. In order to qualify for an "I", the student should have completed at least 80% of the course work.
