This notice will amend the language under Proposal Specifications, pg. 13, Section 4- Budget Narrative:

- Costs may not exceed \$44,000.00 over the course of five years.

The amended language will read:

- Costs should not exceed \$44,000.00 over the course of five years. However, SPC will accept/consider proposals that are above the stated cost limit of \$44,000. Submissions that propose a budget above the stated limit will not be disqualified. As noted in the RFP, reviewers will be using a rubric that scores the budget narrative, including if the proposed cost is clearly justified.
